

EARTHMARK®

EarthMark develops and distributes innovative, environmentally responsible products that improve the quality of our lives, and reduce our impact on the environment.

EarthMark® Galvanized Metal Raised Garden Beds

Available in Bajo-10" and Alto 17" heights
Modular system available in 3 sizes, beds are extendible to 6'4" or 9'4" long
Light weight and compact ~ ridged and durable after assembly
Distinctive appearance of galvanized metal

EarthMinded® Rain Barrels and Accessories

Available in 45, 50 and 65 gallon sizes
Includes patented FlexiFit™ diverter system to reduce overflows
Reversible planter top lid
Barrels nest for transportation and storage

TreeDiaper™ Plant and Tree Hydration Mats

A revolutionary way to care for plants and trees.
Super absorbent filling absorbs rain and irrigation watering
Slow release to maintain soil moisture levels
Sizes available for potted plants, new trees and garden beds
Provides weed and erosion control.
Low profile looks better than watering bags and can be covered by mulch
